

## To the Woman Who "Never Has Any Luck Putting Up Fruit and Berries"

How even a Beginner can be Sure of Perfect Results in Making Jams, Jellies and Preserves

Good home preserving is now easy to accomplish. Even the housewife who "never has any luck" with all sugar preserving can put up fruit perfectly if she will first make her preserving syrup with  $\frac{1}{2}$  Karo (Red Label) and  $\frac{1}{2}$  sugar—instead of sugar alone.

By this method you can always have the finest, most delicious jams, good clear jellies, and preserves with a rich, heavy syrup. Karo is a fine, clear syrup, with a natural affinity for the fruit juices.

It blends the fruit with the sugar, doing away with one of the great difficulties of putting up fruit at home, and just about cutting the work in half.

You can depend on it that fruit put up by this method will never grow tough or "candy" in the glass.

For Cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

**FREE** The experienced housewife who is a beginner will find unusual interest in a new sixty-eight page Corn Products Cook Book. Beautifully illustrated—and suggestions galore for preserving, etc. It is free—write us today for it.

Use  $\frac{1}{2}$  Karo (red label) and  $\frac{1}{2}$  sugar

Makes perfect jams, jellies and preserves.

## Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise: spitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

## NEW SALEM.

The meeting held at New Salem last Wednesday, July ninth was very successful in carrying out all the plans. The ladies of the community prepared a nice dinner for the speakers. Mr. Tull from Jackson was unable to get here, but a very splendid man, Rev. Williams took his place and made the talk on Budget plans, and also preached for us. His talk and sermon both were enjoyed by all who heard him.

Mr. W. N. Puckett, of Columbus, made a good talk on the Sunday school part. He has promised to try to be with us the third Sunday afternoon at three o'clock, to organize an entire new wake up Sunday school. Then Rev. Gavin will preach at four, opening his revival services, morning at 11:00 and night at 8:30.

Remember government time 3:00 o'clock conference and organizing the Sunday school, 4:00 o'clock preaching by pastor, and preaching again Sunday night at nine, song services and prayer. A cordial invitation stands to the public.

Messrs. Raymond and Charlie Caldwell returned home from France a few weeks ago, when they were overjoyed to hit the old Mississippi soil again. Mr. Exum Dowdle, from the Delta, and Miss Minnie Howard from Memphis, are the guests of Mr. and Mrs. Willie Murphy this week.

Mrs. T. J. Smith has returned home from Kansas, where she has spent a delightful vacation from her work on the farm.

The many friends of Mr. and Mrs. Paul Thompson are sorry to learn of the death of their baby which died Monday evening at 9:30 o'clock. Buried Tuesday afternoon at four o'clock in the Woodlawn cemetery. Funeral services were conducted by Rev. Carter.

The many friends of Mr. Metro Richards are sorry to learn of his relapse after being up for a few days, gaining his strength.

Mrs. Lillie Cockerham, of Tennessee

is visiting her sister, Mrs. Henry Stinson this week.

Miss Lizzie Pendleton left Monday for Memphis where she will spend her vacation with relatives.

Mr. and Mrs. W. E. Leech and family are spending their vacation with relatives in Brooksville.

Mr. C. E. Hodkins spent Sunday in Meridian.

## MONROE AFTER ROADS.

ABERDEEN, Miss., July 12.—The Fourth District of Monroe County will vote on an additional bond issue August 8th, to complete some roads that were begun last year and to build some new ones. Monroe County has about 100 miles of rock road, and they have proven the best investment the country has ever made. Bonds have been issued and contracts let for a rock road from Aberdeen to Greenwood Springs Hotel, and one from Aberdeen to Columbus, on the east side of the Tombigbee River. This will be known as the short route to Columbus.

## COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

## DUEL TO DEATH.

ST. PAUL, July 13.—Two St. Paul physicians will expose themselves to contagious diseases in a duel to the death to prove which supports the best scientific theory. Dr. H. A. Zettel, electropath, challenged Dr. H. W. Hill, executive secretary of the Minnesota Health Association, to the duel today and Dr. Hill accepted.

Dr. Zettel will use nothing but "pure" sanitation, pure air and sanitary food and drink to prevent what he terms "so-called contagious diseases" from affecting him. Dr. Hill is to brave the disease after inoculation and vaccination. They will expose themselves to the most virulent

cases they can find and will then go into quarantine to await developments. Even leprosy will be used in the test.

"The survivor shall be an honorary pallbearer for the victim," says Dr. Zettel's challenge. "Should we both be fortunate enough to survive we will hold a rally at the auditorium and tell the people of our experiences."

The entire affair grew out of the acceptance of a similar challenge by Dr. J. B. Fraser of Toronto in an article, "Do Germs Cause Disease?" published in the Physical Culture Magazine. Dr. Fraser defied any board of health in the United States or Canada to prove that germs cause dis-

ease. Dr. Hill asked him to name the time and place for the experiment. Dr. Zettel, who is an exponent of Dr. Fraser's theory, offered himself in his challenge.

The duel, it is said, will be the most modern and one of the most sensational in the nation's history.

Hon. Ames Saunders, of Starkville, formerly district attorney of the Sixteenth Judicial District of Mississippi, was in Columbus Monday on business.

THAT may seem queer talk under present building cost but we make the prediction advisedly.

For some years to come our export of building materials is bound to be immense.

For some years to come we will be unable to catch up with the demand at home.

We honestly believe we can sell to you cheaper today than we can later on.

THE NORTHERN STATES HAVE OFFICIALLY ADOPTED THE 56" AUTO TRACK WAGON

**Neither too Wide nor too Narrow but Standard 56-Inch Auto-track**

**WEBER**

Bought by Farmers Because of Its Known Qualities

REGARDLESS of all other considerations—the 60-inch wagon does not fit the road. Any advantages it might possess are offset by the fact that it is a stranger on its own roads. It rides the ridges, which causes broken axles, wheels and other parts, and the tongue whips about which is hard on the team.

The justly famous Weber wagon is built only in 56" auto-track because this is the standard approved tread of automobiles—and the automobile makes the ruts in mud or soft roads. If the farm wagon is not made to follow the same path it is out of date for road service. Automobiles are increasing among farmers because they are a time-saving necessity, and every farmer who hasn't an automobile intends to procure one at the earliest opportunity.

The Weber 56" auto-track wagon will do everything that the old 60" wagon would do. It will haul cotton bales as easily as the wide track wagon and the team can draw the load without having to pull every inch of the way. It lends itself just as readily to all kinds of farm work and in addition it fits the prevailing road tracks.

Besides the auto-track feature the new Weber has the patented Fifth Wheel and the "Safety First" Swivel Reach Coupling—two advantages that are worth \$20 apiece to the user during the life of the wagon.

By all means see our Weber wagons before you buy. We can offer you something that will save you money and give you service.
